OCSCC No. 975 Financial Operating Summary August 2018

Revenue

Currently OCSCC No. 975 has invoiced 100% of the budgeted revenue.

Expenses

Utilities are above budget. Hydro and Gas are high. July was a very warm month which has contributed to this overage. Water and telecom are under budget and telecom will have further savings now that the Internet account is closed for the party room.

Contracts are trending slightly over budget. Fire Safety is higher as the annual was test was unbudgeted, causing the above average showing. This has been corrected in next years budget. Elevator contract is over budget due to TSSA fees which are mandatory.

Luminix is pushing the repairs and maintenance over budget however there is a GL credit for this which is outsetting these amounts which is helping. HVAC had no repairs this month and only a hot water supply check. We had to replace a corridor light fixture this month from the 6th floor which contributed to this overage.

Fire system repairs were not budgeted and noted in the annual alarm follow up which pushed this GL over budget.

We are seeing some savings due to the lower administrative expenses and insurance costs which are trending below budget, however the CAO fees are in and land transfer costs GL (which was created to track expenses associated) which are recoverable.

Insurance is showing higher due to a fiscal year 2017 amount which was corrected. This will balance out throughout the year but remain until the audit.

Conclusion

Currently we are over budget for the year but must monitor spending if we are going to finish closer to budget. The majority of overage costs are related to utilities. We are expecting savings from a number of areas which include cleaning contract, bell invoices and internet costs which will assist moving forward. We must restrict all unnecessary expenses until year end. CIPM will stop additional work until that time for repairs unless it is a health and safety item or places the corporation at risk.

MONTHLY RESERVE FINANCIAL REPORT OCSCC 975 August 2018

OCSCC No. 975 Financial Reserve Summary August 2018

Revenue

As of August 31st 2018 the balance in the cash reserve account was \$46,437.28. Investments were at \$254,109.29 on August 31st 2018.

We have set up monthly automatic transfers to the reserve account. Automatic transfers to the investment account have been set up as instructed by the board.

Expenses

There has been 1 reserve expense so far for the copper cabling.

Conclusion

Currently we are over budget for the year but must monitor spending if we are going to finish closer to budget. The majority of overage costs are related to utilities. We are expecting savings from a number of areas which include cleaning contract, bell invoices and internet costs which will assist moving forward. We must restrict all unnecessary expenses until year end. CIPM will stop additional work until that time for repairs unless it is a health and safety item or places the corporation at risk.
